

Hinged Cutters

Reed Hinged Cutter

Hinged Pipe Cutting Tools are designed to safely cut metallic pipe with minimal clearance around the pipe. They will cut ductile, cast iron, stainless steel and heavy wall steel pipe by applying manual pressure to the feed screw whilst rotating the unit to and fro through 90°.

Features...

- ✓ Features four wheels to cut steel, stainless steel, cast and ductile iron with only 90° to 110° handle swing
- ✓ Only 4" clearance is required around pipe
- ✓ Wheels and pins are interchangeable with other makes of Hinged Cutters

Spare - Wheels and Pins
