

Alignment Clamps

EFAC 180
Alignment Clamp

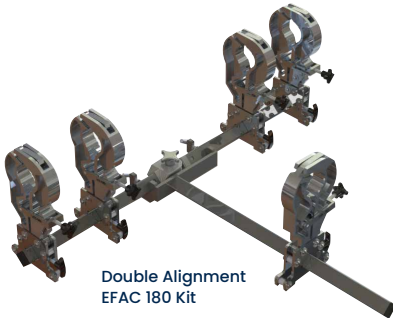

EFAC 180
45/90° Adaptor Kit

EFAC 180 Alignment Clamp (no liners required)

The 'original' no-liner clamp, the gear in the base ensures quick and easy clamping of any size pipe within the clamp range with no adjustment or loose pieces. The standard version handles straight and reducing fittings, whilst the 45/90° Adaptor kit also facilitates clamping of elbows and tees.

Product Code	Description	Size Diameter Range
089-000770	EFAC 180 Alignment Clamp c/w Angle Maker Base Bar	63-180mm/2"-6" (inclusive) H
089-000049	EFAC 180 90° Adaptor Clamp Kit	63-180mm/2"-6" (inclusive) H

Double Alignment
EFAC 180 Kit

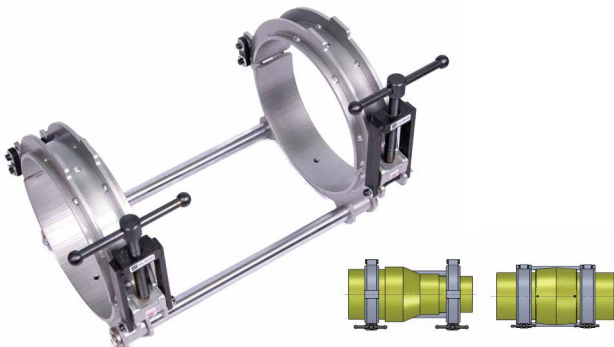

EFAC 180 Double Alignment
Clamp c/w Double Adapter Kit

EFAC180 Double Alignment Clamp (no liners required)

Similar to the EFC180 except features a double clamp either side of the fitting in order to increase rigidity. Comes complete in a strong steel carry-case.
