

Manual & Hydraulic Positioning & Restraining Clamps

Manual Positioning Clamp

AlignMaster Manual Positioning Clamps (280, 315, 355, 400)

For positioning and restraining pipe work throughout the electrofusion joining process.

Product Code	Description
089-000550	280mm Positioning Clamp
089-000551	315mm Positioning Clamp
089-000553	400mm Positioning Clamp
604-000029	400 - 355mm Set of Reducing Shells (2 pieces)
604-000030	400 - 315mm Set of Reducing Shells (2 pieces)
604-000031	315 - 280mm Set of Reducing Shells (2 pieces)

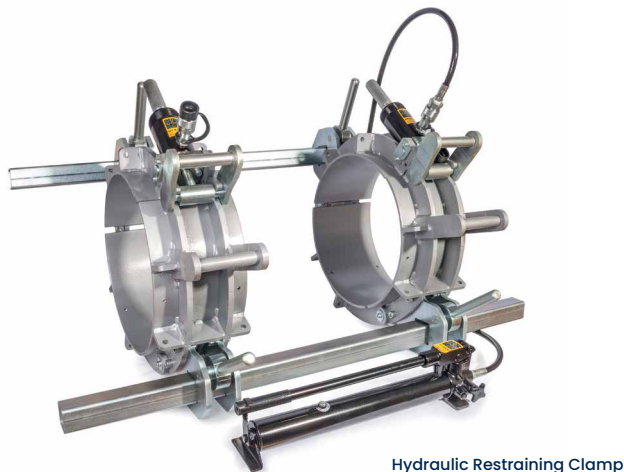

Strap-type Manual Positioning Clamp

Strap-type Manual Positioning Clamp (63 - 250mm & 125 - 500mm)

For positioning and supporting PE pipes and fittings throughout the electrofusion joining process.

Product Code	Description
089-000629	63 - 250mm Positioning Clamp, 2-way, straight base
089-000630	63 - 250mm Positioning Clamp, 2-way, angle maker base
089-000580	125 - 500mm Positioning Clamp, 2-way, straight base
089-000581	125 - 500mm Positioning Clamp, 2-way, angle maker base
089-000582	3 way Adaptor Kit for 63-250mm 2-way Clamps
089-000721	3 way Adaptor Kit for 125-500mm 2-way Clamps

Hydraulic Restraining Clamp

AlignMaster Hydraulic Positioning Kit

For re-rounding, positioning and restraining large diameter pipes and couplers throughout the electrofusion joining process.

Product Code	Description
089-000561	400mm Hydraulic Positioning Kit + 2 x Pumps
604-000022	400 - 355mm Set of Reducing Shells (3 pieces)
604-000023	400 - 315mm Set of Reducing Shells (3 pieces)
089-000562	500mm Hydraulic Positioning Kit + 2 x Pumps
604-000024	500 - 450mm Set of Reducing Shells (3 pieces)
604-000025	500 - 400mm Set of Reducing Shells (3 pieces)
089-000563	630mm Hydraulic Positioning Kit + 2 x Pumps
604-000026	630 - 560mm Set of Reducing Shells (3 pieces)
604-000027	630 - 500mm Set of Reducing Shells (3 pieces)
089-000564	710mm Hydraulic Positioning Kit + 2 x Pumps
604-000028	710 - 630mm Set of Reducing Shells (3 pieces)
