

WATER VALVE & HYDRANT EQUIPMENT: STANDPIPES & FITTINGS

Standpipes

Standard Standpipes

Hy-Ram offer a wide variety of commonly used standpipes. From smaller bore contractors standpipes, up to 2 1/2" aluminium standpipes. Standpipes can be modified to suit individual needs should additional fittings such as pressure gauges, meters, PE connectors be required.

Hy-Ram can also offer bespoke standpipes which can be supplied with a tail of polyethylene pipe if required, with connectors of your choice. Mounting options are available from a basic wooden post up to a lockable cabinet with insulation. Whatever your requirements please discuss them with our Sales Office.

	Product Code	Outlet	Description	DCV	Base
